fullstack developer at janus koncepts pvt ltd  
Moradabad, Uttar Pradesh, India

## Summary

I have a strong foundation in computer science and a passion for problem-solving. My technical skills through html, css, javascript, and C++,php,javascript as well as experience with agile development methodologies. I have a track record of delivering high-quality software on time and under budget, and am always looking for new challenges and opportunities to learn and grow as an engineer.

"As a recent graduate in Computer Science, I am excited to begin my career as a software engineer. I have a strong foundation in programming languages such as c++,html,css,javascript as well as experience with data structures, algorithms, and software design patterns. During my studies, I completed several projects that demonstrate my ability to solve complex problems and work effectively in a team environment. I am eager to learn and grow as a software engineer, and am looking for opportunities to contribute my skills and enthusiasm to a forward-thinking company."
